& Streamed Online

Prof. Charles (Rick) Johnson
Senior Professor Emeritus
Cornell University,
Leader of the Counting
Vermeer project.

ADVENTURES IN COMPUTATIONAL ART HISTORY:

New Forensics for the study of Old Master Drawings & Paintings

Prof. Johnson will showcase new computational tools to study Old Master Drawings and Paintings, providing new insights into dating, authentication, and artistic practices. Paintings on Canvas and works on paper by Vermeer, Van Gogh, Rembrandt, Leonardo da Vinci, Durer will be featured.
